KEY FEATURES

SAFEXS

PASSPORT RESCUE SERVICE

No need to worry if you forget your password, you can reset securely without losing your data.

XTS MODE | Strong AES256-bit hardware encryption in XTS-Mode.

BACKUP | Password protect, encrypt and backup your file and folders to your desktop, NAS or the cloud.

SHAREPROTECT | A portable secure file sharing solution, which allows you to encrypt your device and computer files and share them with colleagues or business partners.

MALWARE PROTECTION* | Protect against Malware infection with award winning ESET NOD32® antivirus engine. (30 days trial incl)

AUTO-DESTRUCT | Set the device to wipe on a given date and time.

COMPUTER PROTECTION | Protect your device and computer from unauthorised access by automatically locking, logging out or shutting down your computer if your device is left unattended.

FAST | Transfer data on and off your device with fast USB 3.0 speeds.

BRUTE FORCE PROTECTION | Prevents against password guessing attacks by resetting after 10 failed attempts.

SUPER STRONG | Forged from an ultra strong metal alloy, Safexs Protector XT will work even in the most extreme environments.

OPTIONAL CLOUDKEY** | Automatic encrypted backup of your Safexs files to your preferred cloud. Supports OneDrive, OneDrive for business, Dropbox, Box, Amazon and many more.

A secure USB drive that's built to **PROTECT** your data from unauthorised access, Malware attacks and accidental loss.

Safexs **PROTECTOR XT** is a super strong secure flash drive from CTWO Products that protects your sensitive data from unauthorised access, malware attacks and accidental loss, with built-in encrypted backup, secure file sharing, computer protection, auto-destruct settings, ESET NOD32® antivirus engine and a whole raft of other security features, Safexs Protector XT will **PROTECT** your data like no other USB drive can.

ABOUT CTWO PRODUCTS AB -
